

About Rianne Collignon

Since 2008, I, Rianne Collignon have a spiritual practice in Delft as a Psychic Healer helping people.

Besides my work with groups in my own spiritual practice and at other locations, I can make all types of parties and events an unforgettable experience.

Special Additions

You can give your special occasion that extra festive touch by pampering your guests with a massage, personal session, gift certificate or goodie bag. You can also choose just to spoil the birthday boy or girl, newly married couple or other special guest.

Didn't find what you were looking for? It's always possible to tailor a holistic or spiritual workshop to your group and their interests.
